# Community Supported Agriculture

Let's combine the needs of the future with the knowledge of the past to

make wise, informed choices for right now. By subscribing to our farm's CSA program, you're ensuring a collaborative, community based success that is generations old and cutting edge. We will provide you with a weekly harvest box of certified organic produce from our farm, from June through November. All you have to do is sign up!

We understand that this is a large commitment, and we have many options to customize a program for you. We offer different sized shares, a wide array of pick up or delivery options, payment plans, and even different length of season options.

We want this to work for you!

Please see our website for all the details:

[www.fryfamilyfarm.com](http://www.fryfamilyfarm.com)

In addition to all of your favorite veggies and fruits, learn about and experiment with things you may have never tried before! Each week we publish a newsletter with nutritional facts, great recipes, and news from the farm! Internet users rejoice in our new & improved website!

Our CSA Members also receive a 10% off card that is good all season at any of our Growers Markets. It can be used for everything we sell, including: flower bouquets, all plant starts, and all produce at our stand! No limitations, use it as much as you want!

## Harvest Box Options

Our harvest box comes in several sizes: the **PARTIAL share** is typically enough for 1-2 people, the **FULL share** is typically good for 2-4 people, all depending on your specific diet. The **SENIOR** size is a **PARTIAL** sized box, every **OTHER** week. All harvest boxes start on Thursday, June 10th.

Please see our website for further descriptions, and if you'd like to discuss payment options, please call Suzanne at 541-535-8044.
